## ANNUAL BANQUET

This year's annual banquet was a true success, from the skyline view of the banquet room to the selection of this year's best from the seasoned and the novice.

Among the passing of the ribbons and the medals came the passing of something more. Ruth Morrison and Greg Toth turned their posts of president and vice president over to Maria Zickuhr and Joe Evanko.

## IN APPRECIATION

Before Ruth sat down to enjoy the banquet as a "free woman", Maria Zickuhr presented her with a plaque intended to express our sincere appreciation for Ruth's fine efforts and accomplishments as president of CPS.

Your time will be remembered, Ruth. Enjoy your retirement!

## PRESIDENT'S MESSAGE

Our new president, Maria Zickuhr, then expressed her hopes for the coming years at CPS: "...we must acknowledge how the younger photographer is impacting our society. We must then begin to accomodate those new ideas and approaches into our repertoire of activities. At the same time we must not forget our traditional photographic art which helped build the Cleveland Photographic Society's proud reputation for the last 98 years. We must balance and integrate the new subject matter, techniques and unique presentations into our traditional photographic art so we, the Cleveland Photographic Society, can be viewed as the "pacesetter" of photographic art in the Cleveland area."

Good luck, Maria. We hope your dreams are realized!

### RIVERFEST IS COMING!

July 26-28 on the banks of the Cuyahoga River will be a three day Sohio RiverFest. Events will begin Friday evening with the Venetian Nite-Lite Parade. Saturday there will be a fireworks display and a musical performance from the barge on the river across from Heritage Park. The Crazy Craft Race, featuring homemade watercraft vying for honors and laughs on the river, will be Sunday. This RiverFest will be a challenge to our cameras and our skills. Be there!

### TALL SHIP AT CHAUTAUQUA LAKE.

The Sea Lion, a handmade replica of a 16th-century wooden ship, was launched in May, onto Chautauqua Lake in western New York. It was the fulfilling of a dream her builders had pursued for 14 years. The Sea Lion is an authentic replica of an English merchant ship which sailed the seas in 1586. The three-masted, 150-ton vessel will spend this summer training her crew and, beginning next summer will be accepting passengers for free rides on the lake. But don't wait till next summer, go to Chautauqua Lake now and get some pictures of this square rigger. She will moored at the lake's north tip.
