NUMBER 1

PRESIDENT'S CORNER "A New Beginning"

CLEVELAND PUBLICATION
SCIENCE & TECHNOLOGY
PERIODICAL

MAY 17 1985 MAY 16 1985

First of all, I would like to say that I am very happy to be serving as your President and that I intend to work hard to make it the best year possible. I hope that each and everyone of you will assist in making it not only the most prosperous but also the most fun and enjoyable year that we have ever had.

Within recent years our membership and participation have decreased, the number of entertaining and instructional programs have dwindled, and our slide and print makers have become strangers to each other. Let us set a new direction and focus together with the hopes of not only increasing membership but increasing participation, enjoyment, and retaining the members we now have.

This can be accomplished first through recruitment - recruitment through publicity - and having an active membership committee. The membership committee will take on the task of getting the word out that Cleveland Photographic Society is something special.

However, recruitment is not enough to increase membership and participation. Retention through quality programming is needed. Since the purpose of this Society is to promote recreation, we must have programs people can come down to, not only learn, but also enjoy and have some good old fashion fun. Some very special programs are being planned for your enjoyment during the coming year.

Thirdly, we can increase participation by increasing communication through a quality newsletter. A quality newsletter, which has information on all aspects of club and membership activities and can spark enthusiasm and interest.

Lastly, this spark of enthusiasm can increase fellowship. Increased fellowship through and active hospitality committee, greeting people at the door, making people feel welcome, and having nice refreshments planned every night can add to the fun and enjoyment.

Let us set this new direction and focus together. Each of you received a questionnaire through the mail which I am hoping you will return. Your input is needed to succeed with the above goals. Cleveland Photographic Society has much to offer its members, but it needs your help. As I said during the annual meeting, "Nothing happens unless first a dream." Together we can make this dream happen... the dream of the most prosperous and most enjoyable year ever.

Maria T. Zickuhr

SPECIAL PROGRAMS

In answer to the many requests of our members, we will have an increase in special programs this coming year. There will be fourteen Friday night programs scheduled. Four of these will be competitive: Photojournalism; Photo-Essay/Travellette; Field-Trip competition; and a special Valentine's Day competition.

The remaining ten nights will be educational, entertaining, or both. They will range from "how-to" sessions to slide presentations. The first special program will be September 13.

In the next couple of months I will be making program arrangements. Any member's help, input, or suggestions will be appreciated. As Special Program Chairman, education, entertainment, and enjoyment are my primary goals. Any questions or suggestions, call Sarah or I at 221-7506.

IMPORTANT CHANGES to our Photo travellette:

Photo Essay competition-#1:
The date has been changed to May 31.

#2 - Maximum number of slides is 30 and maximum time on screen remains at 5 minutes.

ROCKY RIVER FIELD TRIP

The sun was shining, it was hot and the wild flowers were all in abundance to greet us at our annual spring walk. The Rogers (Chris and Jack with granddaughter Becky) and the Wallenchecks (Bev and John) who have been strangers for a long while were a welcome addition to our group.

Also present were the Bartels, Joan Cotleur, the DiMarcos (all four), Steve Dubyk, Emmett Hoy, Gerry Juskenas, Bob Kocsis, the Morrisons, Bob Myers, Frank Otto, Ernie Pekarek, Donna Peters, Frank Salle, Ron Vojacek, Ed Willis and the Tropeas.

See you at the next field trip on May 5.
